

Neuroscience Colloquium

Winter Semester 2017/2018

Lectures are held Thursdays, **5 p.m.**

Venue: Paul-Ehrlich Lecturehall, Virchowweg 4, next to CCO

Kari Stefánsson

DECODE GENETICS, REYKJAVIK, ICELAND

Genetics of functions and dysfunctions of the brain

Kári Stefánsson, M.D., Dr. Med. founded deCODE in August 1996. Dr. Stefánsson was previously a professor of Neurology, Neuropathology and Neuroscience at Harvard University and Director of Neuropathology at Beth Israel Hospital in Boston, Massachusetts. From 1983 to 1993, he held faculty positions in Neurology, Neuropathology and Neurosciences at the University of Chicago. Dr. Stefánsson received his M.D. and Dr. Med. from the University of Iceland and is board-certified in neurology and neuropathology in the United States. Dr. Stefansson is recognized as a leading figure in human genetics. He has shaped deCODE's scientific approach and been actively engaged in leading its gene discovery work, serving as senior author on most of the company's publications in major scientific journals.

Location: Paul Ehrlich-Hörsaal,
Charité – Universitätsmedizin Berlin, Campus Mitte
Virchowweg 4, next to CCO

Date: Thursday, November 9th, 5 p.m.

Host: Frank Heppner

The Neuroscience Colloquium is supported by:
DZNE e.V. German Center for Neurodegenerative Diseases;
Einstein Center for Neurosciences; **NeuroCure** Cluster of Excellence.
Organized by NeuroCure and Institute for Neurophysiology: Christian Rosenmund;
