

NEUROIMMUNOLOGICAL COLLOQUIUM @ AG Paul
Fall/Winter 2018 - 2019

Mondays at 14:00h

Charité Mitte Campus – Universitätsmedizin Berlin
Ferdinand Sauerbruch Hörsaal 4, Hufelandweg 6

Oct. 15th	Raluca Niesner, PhD Department of Pathophysiology, DRFZ, Berlin, Germany <i>Intravital imaging and live cell imaging in chronic inflammatory processes</i>
Oct. 22nd	Doktorand Lunch Series
Oct. 29th	Athina Papadopoulou, M.D. Neurology Clinic and Polyclinic, University of Basel, Switzerland <i>Changes in thalamic subnuclei in NMOSD</i>
Nov. 5th	Marcus D'Souza, M.D. Neurology Clinic and Polyclinic, University of Basel, Switzerland <i>Genetic and Molecular Epidemiology</i>
Nov. 12th	Philipp Böhm-Sturm, PhD Department of Experimental Neurology, Charité-Universitätsmedizin Berlin, Germany <i>Preclinical MR Neuroimaging</i>
Nov. 19th	Helena Radbruch, M.D. Department of Neuropathology, Charité-Universitätsmedizin Berlin, Germany <i>Chronic inflammatory diseases</i>
Nov. 26th	Jan-Patrick Stellmann, M.D. Institute for Neuroimmunology and MS, Universitätsklinikum Eppendorf, Hamburg, Germany <i>Topology dependent network alterations in MS: Function and structure</i>
Dec. 3rd	Cesar Alvarez-Gonzales, M.D. NeuroCure Clinical Research Center, Charité-Universitätsmedizin Berlin, Germany <i>Regenerative Neurology and Neuroimmunology</i>
Dec. 12th	Doktorand Lunch Series
Jan. 7th	Marlen Alisch, PhD Experimental and Clinical Research Center, MDC, Berlin, Germany <i>Complex dynamic interactions of immune cells with CNS</i>
Jan. 14th	Doktorand Lunch Series
Feb. 21st	Prof. Giuseppe Matarese, M.D., PhD Department of Molecular Medicine, Università degli Studi di Napoli Federico II, Italy <i>Mechanisms of immune tolerance and interactions of metabolic status and immune system</i>
