Opening Hours: 7.30 to 18.30 (during semesters), 8.00 to 17.30 (outside semesters)

Please note that Charité-affiliated Kitas are public institutions subject to the same rules and requirements (i.e. Voucher, Eingewöhnung) as other Kitas.

Emergency Child Care at Home

KidsMobil – This **official cooperation partner of the Charité and the FU** provides emergency child care if:

- child ill
- unexpected overtime
- unexpected closure of regular child care
- unexpected change in work hours
- congresses, etc.

Its services are **available to all employees at no cost!** It does not, however, replace regular child care and may not be used for private purposes. It is not currently available to employees of the MDC or FMP.

KidsMobil cares for children 8 weeks to 14 years old, any hour or day.

Babysitters are qualified or in the process of qualifying in education, are insured, and have passed a first aid course.

Non-Charité employees can use this service for 16,50 € per hour, if they purchase a block of 100 hours to be used within one year.

Children are usually taken care of at their home. However, KidsMobil can also drop off or pick up from other child care facilities (babysitter, Kita, school, etc.). Other venues can also be agreed upon – playground, cinema, etc.

Interested parents are encouraged to register with KidsMobil (at no cost) even before a need arises. Please see Registration Form attached.
