

Neuroimmunological Colloquium

When: **Mondays at 14:00**
Where: Charité Mitte Campus
Hufelandweg 6
Ferdinand Sauerbruch Hörsaal 4; 02-068

June 6th

Presenter: **Jason Millward, PhD** (Recent research from CVK Infante-Duarte Lab)
Topic: ***"Pathology of the Eye and Visual Dysfunction in the Experimental Autoimmune Encephalomyelitis Model of Multiple Sclerosis"***

June 13th

Presenter: **Carsten Finke, MD** (Recent research from Finke Lab)
Topic: ***"Structural and Functional Imaging Correlates of Autoimmune Encephalitis"***

June 20th

Presenter: **Hanna Zimmermann** (Recent Multi-Center research study)
Topic: ***"MOG-IgG in Neuromyelitis Optica Spectrum Disorder"***

June 27th

Presenter: **Daniel Bremer** (Recent research from Niesner Lab)
Topic: ***"Retinal Imaging for Early Diagnosis in Chronic Inflammation and Neurodegenerative Diseases in vivo"***

Neuroimmunological Colloquium

Lunch will be provided and ECTS credit stickers are available.

Talks last 30-45 minutes and are followed by a 15-minute discussion.

Presentations are aimed at a diverse audience and seek to update, enhance and share expert knowledge in the field of neuroimmunology.

We welcome proposals for presentations on your most recent research. Lecture-style and journal club talks on cutting-edge research take place once per month and suggestions for future topics are greatly appreciated. Please, email the organizers if you would like to propose a presentation.

Directions:

- Take U6 to Naturkundemuseum(Berlin) stop. Head Southeast on Chausseestraße toward Invalidenstraße. Turn Right on Invalidenstraße, then turn Left on Luisenstraße. Enter the Charité on Luisenstraße 13 and pass through the building. Make a Right on Hufelandweg.
- Take S1, S2, S5, S7, S25, S75 Bahn or U6 to Friedrichstraße. Exit the station on the North towards Reichstagsufer and cross the Spree. Head on Albrechtstraße. Make a Left on Schumannstraße until you reach the Charité main entrance. Head on Virchowweg and make a slight Right on Hufelandweg.
